OPPLAND Conference Management Case Study

U.S.-China Smart Grid Dialogue

June 27-29, 2012, Shenzhen

Event Sponsors:

- * National Energy Administration of China (NEA)
- * U.S. Federal Energy Regulatory Commission (FERC)
- * U.S. Trade and Development Agency (USTDA)

The Dialogue Included:

- * Discussions of standards, distribution, generation, state-of-the-art applications, communications, control and management systems and services;
- * Meetings with Chinese officials and business leaders;
- * Vendor opportunities to exhibit smart grid technologies and services; and
- * Site visit to smart grid facilities hosted by China Southern Grid.

What Oppland's Advantages in the Conference?

- * **Cost saving management solution** for USTDA and other sponsors for this 150 people conference hold successfully;
- * **Speaker and VIP 1 on 1 service** through the whole conference;
- * Conference suppliers' management and coordination onsite;
- * Hotel negotiation for the US-delegates' pavilion.

If you want to know more about OPPLAND's Cost Saving Management Solution for your tailored own conference, please feel no hesitate to call us directly on **+86 21 5058 9600!**
